

SPONSOR SPOTLIGHT

Window Genie

By Julie Young For Custom Publications

You will believe in magic after having your windows, gutters and other exterior surfaces cleaned by the professionals at Window Genie. The new franchise will open to serve those in Hendricks County, Mooresville and Camby in May. Owner Mike Angle is eager to get started.

"We'd been looking for opportunities in the service industry and we thought this would be a good fit for us," he said.

Most homeowners shun the idea of washing their windows and wish they could turn it over to someone else. Cincinnati-based Window Genie is there to take the headache out of this most time-consuming cleaning project, leaving homeowners with nothing but great looking results.

"Window Genie involves a three-step process to clean your windows including scraping them to get rid of any acid rain, washing them and using a squeegee to dry them," Angle said. "We also specialize in tile and grout cleaning, gutter protection, deck cleaning and window films. There is nothing like it in this area."

Angle became involved with the company

after meeting several professionals who owned Window Genie franchises. He was impressed by the diversity of the proprietors, who included a veterinarian, a CPA and a chemical engineer. Now in the process of training for his new venture, Angle said it is a whole new journey and one he is happy to take.

"There is a market out there for this service [and] we think we'll have a lot of fun," Angle said.

Another reason to select Window Genie for your exterior spring-cleaning is its National sponsorship with the Make-a-Wish Foundation. The company will make a \$5 donation on the client's behalf with every service purchased.

"It's a great opportunity to get your windows cleaned and make your money go further," Angle said.

"We are thrilled to bring on board great new franchise partners like Mike," said Richard Nonelle, President of Window Genie. "[He] will be a great addition to Team Genie and we look forward to providing services to customers throughout West Indy."
